ABOUT ME

I'm Neil Browder. Born and raised in North Canton, Ohio. Attended Hoover High School where I was first introduced to video production and worked closely with the school news station. Currently, I am a Senior at Kent State University majoring in Digital Media Production with a concentration in film. My passion lies in writing and post production editing. My favorite thing to do is bring ideas into fruition.

RELATED SKILLS

Adobe Premiere	● ● ● ● ● ● ○
Avid Media Composer	● ● ● ● ●
Pro Tools	● ● ● ● ● ● ○
Adobe Photoshop	● ● ● ● ● ● ○
Adobe Audition	● ● ● ● ● ○ ○
Adobe After Effects	● ● ● ●

During my time at school I've created several narrative short film projects that can be viewed on my personal site. I've gained experience in every position of digital media creating from pre-production to post. I've written, produced, directed, and done both picture and sound editing (including ADR and foley work).

I received good grades in all of these courses, but my most passionate work comes from writing and creating ideas and helping others to edit their ideas in post-production.

My favorite project I have created was my senior video project titled "Homebody". It is a short narrative with no dialogue with a message of taking care of yourself and being happy. It was a project that conceptually meant a lot to me and I was proud of what I created. Fortunately it placed in the top 11 of my class and was able to be screened at the school for everyone to see.

WORK EXPERIENCE

JULY 2016/ DECEMBER 2017

SPECIALTY DEPT. CREW MEMBER at Earth Fare

North Canton, OH

At this job I have learned to be more of an independant worker, usually working shifts alone and just having to know what to do and make sure it gets done so others aren't behind. Duties include cutting cheese, stocking freezers, stocking beer and wine, and creating multiple samples a day for customers to try.

AUGUST 2017/ CURRENT

VIDEOGRAPHER at Saturn Entertainment

North Canton, OH

Working with Saturn Entertainment I have learned to work as part of a team in a fast paced and ever changing film environment. Important aspects of the job are making on the spot decisions and working with clients to give a product they want. Helped enhance my videography and composition skills as well as audio setup and recording.

JANUARY 2018/ CURRENT

BAKER at Panera Bread

North Canton, OH

At Panera Bread working midnights has taught me a few new things that other jobs haven't. Working an irregular shift has made my time management in my own personal life much better as I now have to juggle a sleep schedule with school, work and personal lives much more. I've also gained practice in working alone for extended periods of time and having to make decisions by myself in order to solve problems that may occur.
